

OSA-3249-68

26 JUN 1963

MEMORANDUM FOR: Chief, Manning Branch
Mobilization and Military Personnel
Division

SUBJECT: Assignment Restrictions

1. This is to advise that the Commander, Det 1, 1129th USAF Special Activities Squadron, has requested that no married AIC be assigned to his unit. This request is based upon the unavailability of Government quarters and the associated high cost of living.

2. It is therefore requested that NCO's only be assigned to subject unit. It is understood that requisitions can be levied which specify that single AIC may be nominated. We have no objection whatsoever to such a statement in our requisitions, where applicable, with the thought that, on the one hand, this will increase the source for nominations and, on the other hand, this will not slow down the requisitioning processing by having married AIC nominated on a "next best qualified" basis.

3. It is further requested that all married AIC presently on nomination for subject unit not be assigned. From time to time we may make exceptions to this policy. At present you may consider AIC [redacted] as an exception as well as the 5 dog handlers presently in Headquarters for processing to Det 1, 1129th Special Activities Squadron.

[redacted]

JACK C. LEDFORD
Colonel USAF
Assistant Director
(Special Activities)
